IMPORTANT >> ARRIVING AT UAE AIRPORTS

- If you travelling to Dubai, you need to carry a negative COVID-19 test report.
- You need to show it to the Dubai Health Authority employees at the airport on arrival before proceeding to the immigration counters.
- You need to go through another round of PCR test at the arrival point and download the COVID-19 app to get the result.
- If you have a negative test result, then you can go out without quarantine.
- You can then go to the baggage carousels to collect your bags, and then walk towards the exit gates to take a taxi, a ride on the Metro or be picked up by your friend or relative.
- However, if you come up with a positive test result on arrival, then you need to be in self-quarantine for 14 days and do the test again.
